## Gateway Films VISION VIDEO

2030 Wentz Church Road, P. O. Box 540  
Worcester, PA 19490

Dear Friend:

We are now in our 26th year and, frankly, I often sit back in amazement at the diversity of programs that we as a small company now offer you. Some of the programs we produce entirely ourselves. Others are "co-productions," done in cooperation with one or more other companies, usually from abroad. Still others are programs done by other producers but for which we have been licensed as distributor. And finally there are programs produced by others that we buy wholesale because they fit with what we are here to do.

### A Company with a Calling

The kinds of programs we produce and/or make available are very limited in scope and content. From the beginning, our purpose has been to present material for the screen that proclaims the message of Jesus Christ and how His Gospel addresses our lives and the world today. Early on, we concentrated our efforts primarily, although not exclusively, in the field of Christian history. This is our passion, and we consider such historical subjects our special calling. It is our conviction that the lack of awareness of our Christian heritage has tragically handicapped us in dealing with the urgent issues facing our society, our churches and our individual lives.

Every year a growing number discover the importance and practical value of our historical films. They get people to think, to look at life in a new way, to understand the church and Gospel in a fuller context, and to see a little deeper into how God so patiently deals with his struggling people.

### Our Customer Policy

It is our goal to make available to you the finest programming that is consistent with our mission at the lowest possible prices. We are further committed to your total satisfaction. Our guarantee is spelled out on the order form. You never need to worry about any program you order from us. If it doesn't meet your expectations, you may return it for a full credit or a cash refund.

### New Programs Added Continually

We put out dozens of new selections every year. For the latest selections, you can always check our "on-line catalog" that is continually updated. Find us at "www.gatewayfilms.com". If you are on America Online, find us by using the keyword "VV".

### New Series in Preparation

As this catalog goes to press we are busily at work on a six-part series with Dr. N.T. (Tom) Wright on *Jesus: The New Way*. We are especially enthused about these programs because Tom is a leading New Testament scholar whose work convincingly challenges two hundred years of skepticism in regard to the authenticity of the Gospels and, at the same time, his manner of presentation is most captivating. Watch for it, as it should be ready soon.

### We Are Here for You!

We live in a video age. Young people are saturated with video images. We know that what we do is a small drop in the bucket. Nevertheless, we are constantly thrilled to hear how our programs make a difference in the lives of people in homes, classrooms, churches, prisons, small groups, and community programs. We count it a privilege to serve you. We are here for you. We welcome your suggestions for specific programs or the kind of programs you want. We send forth our materials with the prayer that they will be a blessing to you and minister in the myriad other places they reach. We sincerely thank you for your support and would appreciate your prayers.

Ken Curtis, Ph.D.  
President

## Great Preachers

**Sermons still change lives. See how the masters prepare and preach.**

In our age of rapidly developing and diversified mass media, many have thought that preaching was a dying craft from a bygone era. The opposite is true. Preaching is assuming new prominence and reaching wide audiences as people try to make sense of their world, their lives and God in a world reeling from the assault of communications overload.

This original series by the Odyssey TV Network captures the essence and message of the greatest preachers of our time. Selected in part on the basis of a Baylor University study of the most effective preachers in the English-speaking world, Odyssey brings us these pulpit artists in the settings in which they shine. Not only does *Great Preachers* present an actual sermon, prepared and delivered for this special series, but host Bill Turpie interviews each subject to explore their message and spiritual journey in preaching. Each video is approximately 25 minutes and includes a printed copy of the complete sermon.

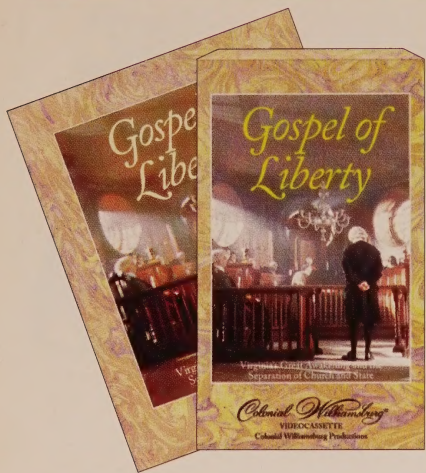

### Preachers featured in Series I:

- **The Rev. Dr. Gardner C. Taylor**, Pastor Emeritus of Concord Baptist Church, Brooklyn, NY and considered the dean of African-American preachers. #4209
- **The Rev. Dr. Haddon Robinson**, Professor of Preaching at Gordon-Conwell Theological School. #4222

## Gospel of Liberty

### The Great Awakening in Colonial America

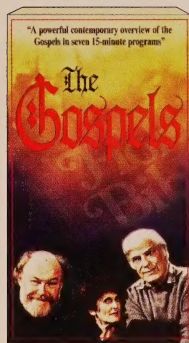

The revivals of the Great Awakening shook Britain's North American colonies from spiritual slumber during the 1730s to 1750s. In Virginia it touched men and women whose spiritual needs had been too long neglected by the legally established Anglican church. In homes, in meetinghouses, and in open fields, rich and poor, black and white, men and women mingled to hear powerful messages of a personal God and salvation. The Great Awakening rattled and cracked the foundations of hierarchical authority and official religion from Georgia to New England.

The program re-creates the fire of George Whitefield, the zeal of Samuel Davies, and their pursuit of the right to worship according to one's convictions. With Colonial Williamsburg as a backdrop, Thomas Jefferson guides viewers to understand how the axiom that government ought not legislate belief became a fundamental pillar of American democracy.

## The Gospels

### Familiar Scriptures with new impact

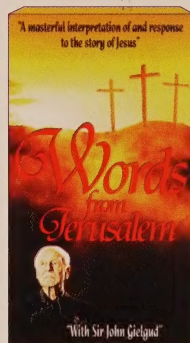

A cast of four men and two women share the role of Christ in this innovative interpretation of the Gospel story which is based on the King James version of the Bible published in 1611. Divided into seven short dramas, it's a modern retelling of the life of Christ adapted from the text of all four Gospels — Matthew, Mark, Luke, and John. The scripts chronicle the main events in the life of Jesus

from the nativity through the ministry to the passion, the resurrection and ascension.

The emphasis of this production is on the narrative and the power of the language. The actors are dressed in contemporary 1990's clothes — not in the "traditional" sandals and flowing robes. The power of the Gospel accounts speaks to the heart of every generation, and culture is vividly portrayed.

## Words from Jerusalem

### Masterful oral interpretation of the Bible

In this seven-part series, Sir John Gielgud, as only he can, relates the story of Easter in the words of the King James version. The programs tell of Jesus' triumphal entry into Jerusalem, trial, crucifixion, and resurrection. It is a magnificent interpretation that will bring the words of Scripture to you with fresh potency.

The text interweaves the four Gospels with poems by contemporary poets who reveal that the language of spiritual experience can be alive today.

Among the poets whose works were specially commissioned or chosen for this series are:

Harry Guest  
James Fenton  
Roger McGough  
John Agard  
Simon Armitage  
Carol Ann Duffy  
Pauline Stainer

## Children's Heroes of Christian History

Inspiring role models for your children and grandchildren

For years customers asked us to develop Christian history materials for children. Finally, we have completed the first collection in what we hope will be an ongoing series of video programs to introduce young people to the great heroes from our Christian past.

You are painfully aware of the kind of heroes the popular media enthrone for children today. They are usually people who live primarily for themselves. However, the saga of God's people is replete with heroes who gave themselves to God and made a lasting difference in the world by caring about others and loving God.

The first collection is a set of three videocassettes, each with four programs of seven to ten minutes each. Included are:

**Tape 1:** John Bunyan  
David Livingstone  
Mary Jones  
William Wilberforce

**Tape 2:** William Carey  
Robert Raikes  
Hans Egede  
Sundar Singh

**Tape 3:** John Paton  
Eric Liddell  
Ludwig Nommensen  
Damien

These heroes faced seemingly insurmountable challenges, but by God's grace found the way through and demonstrated the life-changing power of the Gospel. These illustrated stories will awaken the imagination of children as they see how God has worked through the most unlikely instruments.

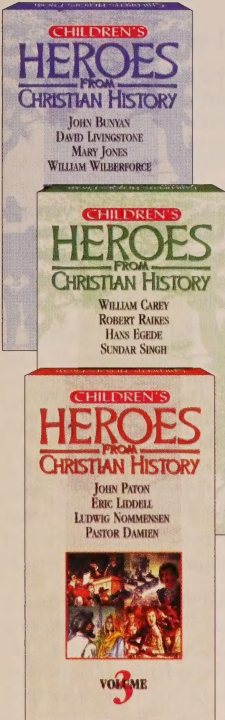

You do not want your children to be captured by the current cultural icons of success. You want them to know of lives God used to fulfill His purposes. This collection gives children heroes and lives worth considering and emulating. Each tape is approximately 35 minutes and comes with a Parent/Leader Guide.

## Music in Our Hearts

**Introducing children to the joys of music**

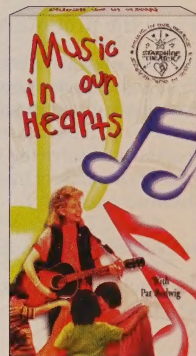

"Where does music come from?" This is a question many 3 through 6-year-old students often ask Patricia Budwig, Director of Music and Movement at the Village Green Day School in Virginia. And they always beam when she says, "It comes from within you!" "But," they persist, "who put it there?"

In this delightful video designed for the very young, your child will participate in and learn about the foundations of music — rhythm, melody, harmony, lyrics — through the use of instruments, voices, movement, simple props, share time, and field trip. All songs and music used in the video are original pieces that are refreshingly different.

Modern research demonstrates the beneficial effects on brain development in children who have early training in music. But this video ministers to the heart of children as well as stirring the mind. Join Patricia and the children as they explore the wonders of music and motion in a child's world. The God Who made each child, Who made music, Who made our hearts, and Who lives in our hearts, beckons, "Listen to the music in your hearts!"

## Discovering the Bible

This four-part series is a basic introduction to the Bible for those who have little or no background, but it is also a stimulating refresher for those who have long loved the Bible but never explored the incredible story of where the Bible actually came from and how it was passed on to us. The flexible curriculum can be adapted to a four- or eight-week program. The kit contains everything you will need to introduce the Bible to your group.

Some highlights included in the four programs:

- 1. Getting Acquainted** looks at how the Bible is a book like none other in the history of the world, its continuing influence, how it came to be written, what the Bible consists of, and how it is intended for all and deals with the basic questions we all face.
- 2. The Old Testament** explores its amazing development, a collection that took over a thousand years to write, how it is revered by Jews as a love letter from God, how it is organized, the Dead Sea scrolls, and fascinating evidence of how the scribes accurately preserved the texts over centuries.
- 3. The New Testament** looks at its relationship with the Old, why and how the New Testament came to be written, the writing methods of the period, why we can trust the Gospels as reporting the actual words of Jesus, and how the New Testament canon was formed.
- 4. Survival, Spread and Influence** shows the Bible's influence in the development of Western civilization, how it survived despite repeated attempts to destroy it, how the Bible was taught in the Middle Ages, the recovery of Scripture for the laity, and how the Bible has transformed individual lives across the centuries.

Winner of the Gold Award from Worldfest Houston, Angel Award, Telly Award, and U.S. International Film and Video Award.

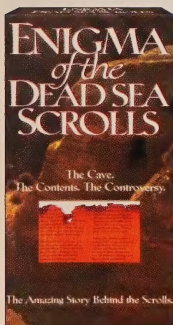

Complete Curriculum Package Includes:

- Four half-hour programs
- Full-color, 32-page companion overview
- Leader's guide

## Enigma of the Dead Sea Scrolls

An introduction and examination of key issues related to the Dead Sea Scrolls, widely regarded as the most significant archeological discovery of the twentieth century. In 1947 a shepherd boy casually tossed a rock into a cave, heard pottery shatter, investigated, and found scrolls that have provided amazing and invaluable insight into first century Judaism, Christianity, and Palestine. But in addition to the remarkable discoveries there remains much mystery and intrigue as scholars and administrators have fought over access to the materials. This program investigates the scrolls, the controversies, the key players, and what the discoveries have contributed to our understanding of the ancient world and the Bible.

## Yeshua: The Land, the Promise, the Messiah

*Yeshua*, the Hebrew name for Jesus, offers a fascinating pilgrimage through Scripture and the life of Jesus. Presented by Dr. Oswald Hoffmann, *Yeshua* reveals ancient customs and beliefs with exceptional clarity and detail. This five-program series moves across more than 2,000 years of history, from the time of Abraham through the efforts of the Jews to possess and hold the Promised Land, to the birth and life of Jesus. To view *Yeshua* from beginning to end is to enrich your understanding not only of the turning point in all history, but of the singular figure who caused the turning. Five programs, approximately 50 minutes each. Includes comprehensive study guide.

**1, The Land and the Promise:** Ur of the Chaldees, birthplace of Abraham, begins the narrative. Continuing through the fall of Ur, Abraham's entrance into the Promised Land, and the exile of the chosen people in Egypt, part one ends with their return to a homeland soon taken over by Rome and governed by the wily, paranoid Herod.

**2, The Promise Takes Root:** This episode begins with the angel's visit to Mary and proceeds through the presentation of Jesus in the temple at Jerusalem after the family's return from exile. Fascinating scientific data relating to the star of Bethlehem is presented.

**3, Voice and the Light:** The cries of John the Baptist lead into a portrayal of the community of zealous Jews at Qumran where John, perhaps orphaned as a child, may have grown up. Moving through the events of Jesus' early ministry, we also witness the beautiful reenactment of a Jewish wedding as Jesus might have seen it at Cana.

**4, The Bread of Sacrifice:** As the life of Jesus nears its tragic close, He prepares His followers for His coming sacrifice. We see archaeological evidence for the practice of human sacrifice in caves beneath the North African city of Carthage, but draw nearer to the meaning of Christ's sacrifice in the story of Abraham's willingness to kill his son Isaac in obedience to the will of God. This segment ends with Jesus' entry into Jerusalem.

**5, Ripple of Darkness, Waves of Light:** The familiar mysteries of Christ's death and resurrection take on a strong immediacy in this final episode. After dramatic reenactments of the torture, execution, burial and resurrection of Christ, this segment explores research on the Shroud of Turin.

## The Incomparable Book: Messages from the Memory Banks

The Old and New Testaments represent the memory banks of the early Jewish and Christian communities. But are they reliable? Is the Bible trustworthy? How carefully were the documents copied? What about before things were written down? Were writers telling us the truth? Is the lack of agreed order in the Gospels a problem? These are just a few of the questions explored in this intriguing three-part series. *The Incomparable Book* combines modern television techniques with established methods of inquiry. In the words of one youth leader, "It puts Bible scholarship into the language of the video age." The host is Paul Jones, former lead singer with Manfred Mann band. Biblical theologian Dietrich Bonhoeffer was executed by the Nazis just days before the Allies defeated Germany in World War II. This gripping documentary captures the life, times, and thought of Bonhoeffer. Using rare archival footage, documents, and visits to original locations, we get an intimate and penetrating portrait of a man whose life and writings grow in their influence and speak powerfully to issues of our own day some 50 years after his death. How does a man of peace come to assist violence in combating unrestrained evil? What do you do when deep-seated patriotism for your nation compels you to oppose your fatherland and its demonic leader? These and other issues Bonhoeffer confronted with a searching Biblical faith and personal courage in a way that speaks to every generation.

## Israel: A Nation is Born

Tensions in the Middle East continue to occupy the news. These programs help to put it all in perspective. We arranged to offer them because we felt they represented the best video material we had seen to help understand the background to present-day Israel and the ongoing challenges facing the Middle East. This highly acclaimed PBS series, with former Israeli Foreign Minister Abba Eban, chronicles his recollections of, and his part in, the creation and subsequent history of the State of Israel.

**Part I** portrays the rise of Zionism and President Truman's mounting pressure for a Jewish State, following the Holocaust and continued post-war European Jewish plight. It moves through the struggle for independence, providing stunning insight into events of the time.

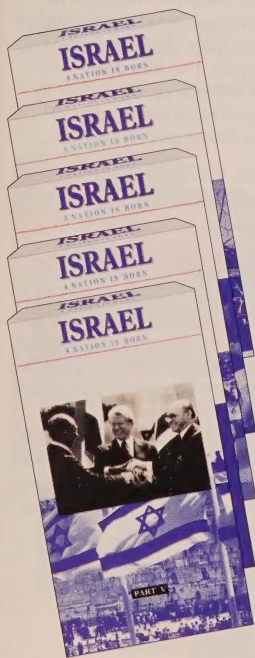

**Part II** opens with the proclamation of Israeli Statehood in 1948 and follows the invasion of the newborn State by its Arab neighbors, the siege and fall of Jerusalem and the initial peace process. It also covers the flood of immigrants returning to their traditional homeland and the development of the State of Israel in the early 1950s.

**Part III** explains how Israel ended its isolation, culminating in the combined Anglo-French-Israeli Sinai Campaign of 1956. It reveals Abba Eban's personal involvement in the plan to bring Adolf Eichmann to trial in Israel and concludes with Nasser plotting a maritime blockade and invasion of Israel, as U.N. forces leave the area. Includes interviews with President Nixon.

**Part IV** starts with events surrounding the Six Day War of 1967 which changed Israel beyond the scope of anyone's imagination. Eban leads diplomatic efforts at the U.N., resulting in Resolution 242, and tells how post-war attempts to achieve peace failed and a long-term war of attrition ensued.

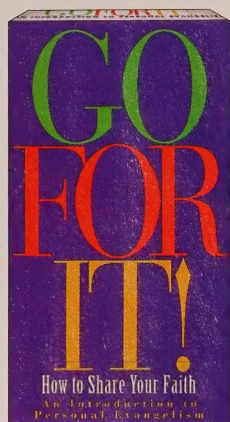

**Part V** opens with the 1973 surprise attack by Egypt and Syria, which came to be known as the Yom Kippur War. It also covers the Camp David Accord, leading to the peace treaty between Israel and Egypt, the 1982 invasion of Lebanon and the Intifada.

# CHRISTIAN RESOURCES — EVANGELISM

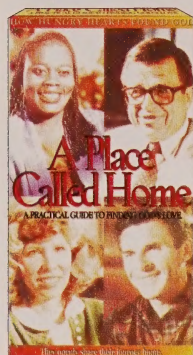

## Go For It! A Course in Personal Evangelism

Many Christians struggle with personal evangelism — sharing the message of Jesus Christ with others. One reason for this is that religion is generally considered a private affair in our society. To talk to others about your faith seems a little pushy and in bad taste. But Christian personal evangelism is not trying to convert others to your particular denomination, but to bring the good news about the love of God, forgiveness in Jesus, and the offer of a new life.

For many sincere Christians this is a difficult and awkward task. They feel guilty about withholding their witness. They know what Jesus can do in the lives of those they deeply care about, but they just don't know how to get started and what to say. *Go For It!* can help. The series shows why sharing Christ is important and provides Bible-based advice on how to witness. Each of the four sessions was filmed live and features Ian Knox, a British evangelist. Designed for either group or personal study. Includes comprehensive Study Guide with reproducible student worksheets.

2. **The Old Testament** explores its amazing development, a collection that took over a thousand years to write, how it is revered by Jews as a love letter from God, how it is organized, the Dead Sea scrolls, and fascinating evidence of how the scribes accurately preserved the texts over centuries.
3. **The New Testament** looks at its relationship with the Old, why and how the New Testament came to be written, the writing methods of the period, why we can trust the Gospels as reporting the actual words of Jesus, and how the New Testament canon was formed.
4. **Survival, Spread and Influence** shows the Bible's influence in the development of Western civilization, how it survived despite repeated attempts to destroy it, how the Bible was taught in the Middle Ages, the recovery of Scripture for the laity, and how the Bible has transformed individual lives across the centuries.

The Old and New Testaments represent the memory banks of the early Jewish and Christian communities. But are they reliable? Is the Bible trustworthy? How carefully were the documents copied? These are just a few of the questions explored in this intriguing three-part series. *The Incomparable Book* combines modern television techniques with established methods of inquiry. In the words of one youth leader, "It puts Bible scholarship into the language of the video age." The host is Paul Jones, former lead singer with Manfred Mann band. ## Yeshua: The Land, the Promise, the Messiah

*Yeshua*, the Hebrew name for Jesus, offers a fascinating pilgrimage through Scripture and the life of Jesus. Presented by Dr. Oswald Hoffmann, *Yeshua* reveals ancient customs and beliefs with exceptional clarity and detail. This five-program series moves across more than 2,000 years of history, from the time of Abraham through the efforts of the Jews to possess and hold the Promised Land, to the birth and life of Jesus. To view *Yeshua* from beginning to end is to enrich your understanding not only of the turning point in all history, but of the singular figure who caused the turning. Five programs, approximately 50 minutes each. Includes comprehensive study guide.

**1, The Land and the Promise:** Ur of the Chaldees, birthplace of Abraham, begins the narrative. Continuing through the fall of Ur, Abraham's entrance into the Promised Land, and the exile of the chosen people in Egypt, part one ends with their return to a homeland soon taken over by Rome and governed by the wily, paranoid Herod.

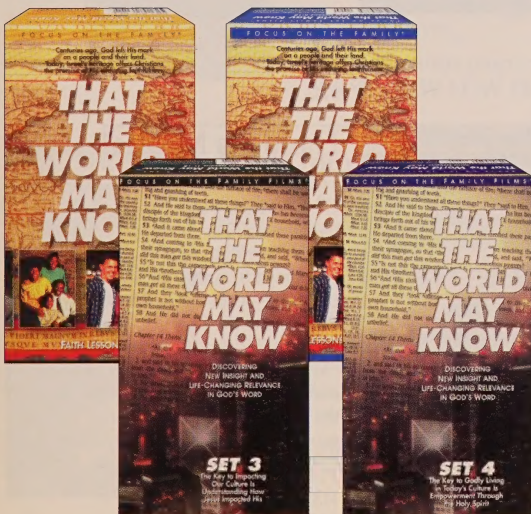

**2, The Promise Takes Root:** This episode begins with the angel's visit to Mary and proceeds through the presentation of Jesus in the temple at Jerusalem after the family's return from exile. Fascinating scientific data relating to the star of Bethlehem is presented.

**3, Voice and the Light:** The cries of John the Baptist lead into a portrayal of the community of zealous Jews at Qumran where John, perhaps orphaned as a child, may have grown up. Moving through the events of Jesus' early ministry, we also witness the beautiful reenactment of a Jewish wedding as Jesus might have seen it at Cana.

**4, The Bread of Sacrifice:** As the life of Jesus nears its tragic close, He prepares His followers for His coming sacrifice. We see archeological evidence for the practice of human sacrifice in caves beneath the North African city of Carthage, but draw nearer to the meaning of Christ's sacrifice in the story of Abraham's willingness to kill his son Isaac in obedience to the will of God. This segment ends with Jesus' entry into Jerusalem.

**5, Ripple of Darkness, Waves of Light:** The familiar mysteries of Christ's death and resurrection take on a strong immediacy in this final episode. After dramatic reenactments of the torture, execution, burial and resurrection of Christ, this segment explores research on the Shroud of Turin.

## John Wycliffe: The Morningstar

Wycliffe's greatest achievement was the translation of the Bible into English. One of Europe's most renowned philosophers and scholars, John Wycliffe chose to serve the common people. He exposed the superstitions that had displaced Biblical doctrine in the medieval church. Wycliffe took enormous risks to provide the Scriptures for the people. The film provides valuable insight into conditions in the 14th-century pre-Reformation church and shows why Wycliffe is hailed as the "Morningstar of the Reformation."

He set the stage for later reformers including Hus, Luther, and Tyndale. This dramatic film inspires faith and develops appreciation for the treasure of our Bible. Winner of "Best Film of the Year" Award from the Christian Film Distribution Association.

This highly acclaimed PBS series with former Israeli Foreign Minister Abba Eban chronicles his recollections of, and his part in, the creation and subsequent history of the State of Israel.

**Part II** opens with the proclamation of Israeli Statehood in 1948 and follows the invasion of the newborn State by its Arab neighbors, the siege and fall of Jerusalem and the initial peace process. ## Gospel of Liberty

### The Great Awakening in Colonial America

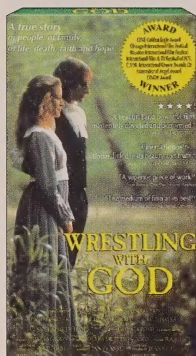

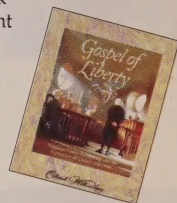

The revivals of the Great Awakening shook Britain's North American colonies from spiritual slumber during the 1730s to 1750s. In Virginia it touched men and women whose spiritual needs had been too long neglected by the legally established Anglican church. In homes, in meetinghouses, and in open fields, rich and poor, black and white, men and women mingled to hear powerful messages of a personal God and salvation. The Great Awakening rattled and cracked the foundations of hierarchical authority and official religion from Georgia to New England.

The program re-creates the fire of George Whitefield, the zeal of Samuel Davies, and their pursuit of the right to worship according to one's convictions. With Colonial Williamsburg as a backdrop, Thomas Jefferson guides viewers to understand how the axiom that government ought not legislate belief became a fundamental pillar of American democracy.

This 1966 award-winning documentary explores a white, middle class church that struggled to reach out to the "Negroes" in their city. Filmed as it actually happened, it is a valuable case study of how conscientious Christians tried to cope in a "nation divided" by race a generation ago. Today it provides a historic landmark for us to consider how much has changed and how much remains the same.

In 1941 they were banished from their homes and exiled to forced labor camps by the Soviet premier. Thousands died of starvation and exposure to the frigid elements; others were put to death by Soviet authorities. *A Light in the Darkness* weaves the eyewitness reports of survivors into a tapestry of heart-wrenching tragedy and hope. # NEW SERIES FOR CHILDREN

## Children's Heroes of Christian History

For years customers asked us to develop Christian History materials for children. Finally, we have completed the first collection in what we hope will be an ongoing series of video programs to introduce young people to the great heroes from our Christian past.

You are painfully aware of the kind of heroes the popular media enthrone for children today. They are usually people who live primarily for themselves. However, the saga of God's people is replete with heroes who gave themselves to God and made a lasting difference in the world by caring about others.

The first collection is a set of three videocassettes, each with four programs of seven to ten minutes each. Included are:

- Tape 1:** John Bunyan  
David Livingstone  
Mary Jones  
William Wilberforce
- Tape 2:** William Carey  
Robert Raikes  
Hans Egede  
Sundar Singh
- Tape 3:** John Paton  
Eric Liddell  
Ludwig Nommensen  
Damien

These heroes faced seemingly insurmountable challenges, but through God's grace found the way through and demonstrated the life-changing power of the Gospel. These illustrated stories will awaken the imagination of children as they see how God has worked through the most unlikely instruments.

You do not want your children to be captured by the current cultural icons of success. You want them to know of lives God used to fulfill His purposes. This collection gives children heroes and lives worth considering and emulating. Each tape is approximately 35 minutes and comes with a Parent/Leader Guide.

# NEW BIBLE SERIES FOR CHILDREN

## Testament: The Bible in Animation

**NEW!**

Here is one of the best Biblical film series to come along in many years that presents a new standard in the visual interpretation of Scripture. The programs enjoyed enthusiastic audience response on BBC Television in England and HBO in the United States. They are now available on video in America.

Nine of the primary Old Testament leaders are presented in captivating animation, utilizing a variety of production techniques, each designed to reflect the nature and genre of the particular Biblical account. This provides a richness and diversity reflective of the original Scriptural passages.

While animated programs are often thought to be primarily for children, these are different. Yes, children will be fascinated by the inspired Biblical episodes — but so will adults. Everyone with a serious interest in the Bible will be driven back to the text after watching these programs to re-examine for themselves the depth and nuances so effectively set forth in this unique series. These are programs you will want to watch over and over with your children or grandchildren. 30 minutes each

### Creation and the Flood

The story of God's creation of the world, told by Noah to his family as they huddle among the animals in the Ark while the Flood destroys the wicked world outside. #4305

### Abraham

An epic journey to the Promised Land, a miraculous birth to aged parents, and the story of God's greatest test: Abraham must kill his beloved son upon a sacrificial altar. #4297

### Joseph

A story of abandonment, exile and reconciliation. Joseph is sold into slavery by his brothers but skillfully rises to the pinnacle of Egyptian life and is eventually reunited with his family. #4303

### Moses

Murder, escape, plagues and the parting of the Red Sea — all the spectacular drama of the Israelite Exodus from Egypt. #4301

### Ruth

One of the oldest love stories and one of the most beautiful heroines. Ruth's loyalty, forbearance and selflessness are rewarded by a God who cares for the poor and the broken. #4299

### Daniel

A story of pure courage and integrity. Daniel, captive in exile, refuses to compromise even when the misguided King Darius throws him into a den of hungry lions. #4304

### Jonah

The fantastic and comic tale of the bad-tempered prophet who tries to run away from his task, is swallowed by a great fish and then preaches judgement and doom until he is taught mercy by a gentle, good-humored God. #4300

### Elijah

The story of one man pitted against a kingdom that has betrayed God. Elijah arranges a contest between God and the prophets of Baal; the prophets are vanquished but Queen Jezebel maintains her vendetta. Elijah flees into the desert where he meets God in an unforgettable encounter. #4298

### David and Saul

The rise of the young shepherd boy whose skill with both sling and lyre leads him to the court of King Saul. There God's destiny for David is unfolded before the increasingly desperate and unbelieving Saul. #4302

*This is a terrific new series. Testament is a 'computer-enhanced drawn animation,' using the latest in computer and puppet technology. However, it has a timeless quality... Language and acting style are commendably plain and the visual effects are stunning. Everyone should watch it — especially children.*

Daily Mail

*The idea is to explode animation onto our screens while simultaneously raising the profile of the Bible.*

## STRAIGHT TALK WITH PAM STENZEL

*Here is practical help for some of the most important choices every teenager must face.*

Today's youth have not been told the whole truth about the consequences of sexual activity and experimentation. Teenagers love Pam Stenzel because she tells it to them straight, mincing no words in showing how the pervasive sexual permissiveness of our culture is a deceptive trap. Every young person should have the benefit of the hard-hitting reality check in this four-part series. Pam's message is helping thousands avoid disastrous consequences of unwise choices.

This is material every teenager needs to know. It concerns nothing less than their whole life and future.

The four sessions are:

### 1. The Physical Consequences

Pregnancy isn't the only consideration. What dangers are there to youth in the runaway epidemic of sexually transmitted diseases?

### 2. The Emotional Consequences

Sex is more than just an animal act. Your personhood and future are affected by the choices you make — choices that are sometimes tragically made in the heat of emotion and that can never be taken back.

### 3. The Spiritual Consequences

Where does God fit in all this? Are there standards that you can look to that provide sure guidance? Is there any hope for those who have already made unfortunate choices? What can be salvaged?

### 4. The Character Consequences

Your character is being formed day by day. How are you giving thought and direction to the person that you want to become? On what basis are you making your key choices? How do you get a hold of your life?

## The New Way

With Dr. N.T. (Tom) Wright

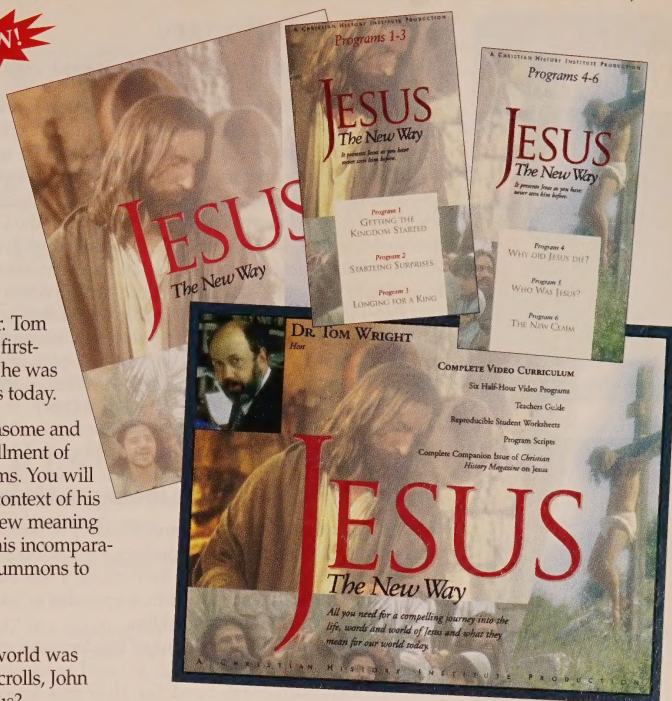

In this six-part video series, noted British scholar, Dr. Tom Wright, uncovers fascinating backgrounds from the first-century world in which Jesus lived and shows how he was indeed a "new way" then and continues to be for us today.

Wright's acclaimed scholarship is delivered in a winsome and understandable way, showing how Jesus is the fulfillment of Israel's ancient hopes and humanity's deepest dreams. You will see Jesus as you have never seen him before in the context of his Jewish and Roman world. You will find explosive new meaning in his familiar words and deeds as Wright unfolds his incomparable life and shows how it remains an unavoidable summons to our world and to our way of thinking.

The six programs are:

- 1. Getting the Kingdom Started** Into what kind of world was Jesus born? What do we learn from the Dead Sea Scrolls, John the Baptist, and the kingdom announcement of Jesus?
- 2. Startling Surprises** How did the kingdom announced by Jesus parallel the expectations of the Jewish people that they derived from their study of Scripture? Why was Jesus' news shocking and offensive? What was he really saying?
- 3. Longing for a King** In a Jewish world wired for the welcome and recognition of a Messiah, how did Jesus redefine what that should mean? What were the implications for the main symbols of Israel's life such as the Holy Temple?
- 4. Why did Jesus die?** What were the charges? What was the real and great battle being fought? How was history racing toward its climactic moment, and how did Jesus understand and undertake his role therein?
- 5. Who Was Jesus?** How do we begin to understand the meaning of Jesus by reexamining what we really mean by God? How did Jesus understand himself? How did the early church view Jesus? Was Jesus divine?
- 6. The New Claim** Was Jesus really raised from the dead? What about all the skeptics' explanations as to why that is impossible? What did resurrection mean to first-century Jews? How does the resurrection of Jesus address our individual lives?

Dr. N. T. Wright is one of the most engaging and articulate New Testament scholars in the world today. In this video series he takes us back to the "real Jesus" of history and the Scriptures. An excellent resource for pastors, teachers, and all Christians who take their faith seriously. Food for the soul as well as the mind!

Timothy George  
Dean, Beeson Divinity School

It's a terrific production and one I heartily endorse. Tom Wright is an outstanding narrator—clear and insightful. I was particularly moved by his use of the Essene documents to explain the remarkable way Jesus' treatment of lepers, the deaf, blind, and lame demonstrated the unexpected direction of the Kingdom of God. After watching the episodes you cannot help but read the New Testament with greater 'depth of field.' Thank you.

## PETER AND PAUL

The acclaimed network television mini-series and winner of two Emmy Awards!

Now available on home video—the long awaited epic series that brings the New Testament church alive. This distinguished production, starring Anthony Hopkins and Robert Foxworth, captures the vitality, intensity, and humanity of two who were entrusted by Christ with history's greatest stewardship—the carrying of the Gospel to all the world.

They faced violent opposition from without and constant turmoil from within. Based on the Scriptures by and about Peter and Paul, we see how they were driven by a heavenly vision for a different kind of world. They paid a horrendous price for their devotion—Peter crucified and Paul beheaded—but their ministries transcended the cruelty of their enemies to become important pillars of both the Christian Church and Western civilization.

## William Carey

William Carey, often called the "Father of Modern Missions," jolted the Protestant churches into world mission involvement. Carey's own story is both tragic and triumphant. An illegal immigrant to India, he lost a son to tropical disease and a wife to madness and labored seven years before seeing his first convert. Yet as an uneducated servant of God, he transcended unspeakable adversity to become Professor of Languages and translate the Scriptures into 36 dialects. Documentary.

In the 1730s a community of Moravian refugees finds a home on the estate of Count Zinzendorf in Germany. She started a youth outreach for heroin addicts and, through prayer, brought healing to desperate lives without any use of conventional methods for treating withdrawal.
